## **General Terms & Conditions of Sale**

### **1. Scope**

These terms and conditions govern the sale of all products ("Products") sold by IPEX USA LLC (the "Company"). **A Purchaser's order is accepted on the terms and conditions stated herein and on any additional or specific terms and conditions agreed to in writing by the Company. It is expressly agreed that any terms and conditions contained in the Purchaser's order or otherwise stipulated will be deemed for the Purchaser's internal use only and will not be binding on the Company.**

### **2. Orders**

Purchaser's orders are conditional upon satisfactory credit approval by the Company. The Company will only accept orders in excess of \$100 before taxes or such greater amount as may be specified for certain products. Once confirmed by the Company, orders for custom-made products manufactured to the Purchaser's specifications, and orders for large quantities of non-inventoried products, cannot be cancelled or modified, except with the Company's written consent and upon terms which provide for indemnification of the Company for the costs and expenses incurred.

### **3. Shipments**

Delivery schedules stipulated in either the quotation ("Quotation") or the order confirmation ("Order Confirmation") are approximate only, and shipment will be made within reasonable proximity thereto. Under no circumstances will the Company be responsible for any damage whatsoever caused by delays in shipment whether resulting from causes within or beyond the control of the Company. All shipments are F.O.B. the Company's location per the American standard sales terminology, or Ex Works per the Incoterms international rules applied to foreign trade contracts. The Company shall bear no liability for Products lost or damaged during transit. The Company may agree to different shipment terms as specified in the Quotation or in the Order Confirmation. Freight prepaid orders, when applicable, will be delivered by the carrier of the Company's selection, unless the use of other carriers is agreed to in writing with the Purchaser. Purchaser must verify quantities and report discrepancies within 2 business days of receipt.

### **4. Prices**

All prices quoted or published are F.O.B. the Company's location or Ex Works. Published prices are subject to change without notice until orders are accepted by the issuance of an Order Confirmation whereupon prices will remain firm for those shipments that take place within the 30-day period following the date of the Order Confirmation. For specific projects, contracts or Quotations, the Company may agree in writing to protect prices for an extended period of time. Each order may be shipped in whole or in part at the Company's discretion. Each shipment made will be immediately invoiced. Quoted or published prices do not include any sales, use, excise or any other tax or levy imposed by any present or future law, regulation or other order, on any of the Products. The Purchaser must provide the Company with tax exemption certificates or other documents, as required by the specific tax jurisdiction, in order not to be charged for any of the applicable taxes.

### **5. Terms of Payment**

Unless other terms of payment are agreed to in writing by the Company, payment is due upon delivery of the Products. If applicable, cash discounts, expressed as a percentage, are calculated on the net invoiced prices before any taxes, freight or other charges and can only be deducted from payment if the Company receives payment from Purchaser on or prior to the due date. Net 30 days means that payment is due within 30 days of the date of invoice and no cash discount is applicable. Overdue accounts shall bear interest at a rate of 18% per annum. The granting of credit by the Company is at all times based on its evaluation of the Purchaser's financial condition. If such financial condition does not justify continuance of shipment on credit, the Company may require full or partial payment in advance.

### **6. Title to the Goods Sold**

The Purchaser acknowledges and agrees that so long as the Products are in his possession, title to the Products shall remain with the Company until full payment therefore is received by the Company. The Purchaser agrees to defend, indemnify and save the Company harmless from any and all costs, expenses and damages arising out of any claims asserted against the Company pursuant to the exercise of its ownership rights or any recourse in payment of purchase price.

### **7. Return of Products**

The Company may accept the return of Products, subject to the following: a) prior to returning any Products, the Purchaser must obtain a Return Material Authorization (RMA) number from the Company, b) Products must be returned freight prepaid, unless otherwise authorized by the Company and c) Products must be received in good saleable condition, and if required, in full carton quantities and in their original packaging. A minimum return charge of 25% of the purchase price will be applied against any credit issued pursuant to the return of Products, except in the case of a Company shipping error. The Company may apply additional charges against the credit to cover remarketing costs or may refuse to issue any credit, but will advise the Purchaser accordingly. Certain Products such as pressure pipe, custom-made configurations, obsolete products, excessive quantities, or other specialty products cannot be returned.
